On Thursday 10/6/11 at approximately 12:00 pm in the afternoon an Anti War Protest will be marching in the downtown area. The protest organizers have not announced their route or intended destination. The organizers of the protest are saying they are peaceful. Traffic issues stemming from the protest appear to be the only real impact on Federal operations. FPS will be monitoring the protest. If the protest appears that it will directly impact your facility, I will call you and coordinate our response.

Hi

Do you know anything about this "Occupy Portland"? The gathering spot is only a few blocks from us and the march to the courthouse could take them right by our building. This could be a concern to employees and might also disrupt transportation, especially since it is planned to begin at noon on Thursday.

Will there be stepped up security/police in the area?

This may be something we would want to warn folks about.

At 18:32 (Pacific), Acting Area Command

(b)(6), (b)(7)c advised that FPS and the Portland Police have decided to stand down for the night and not remove people from the park until additional personnel can be on location.

(b)(5) There currently are approximately 10 tents and 20-30 people in the park. No further information.

1. Crime/Incident:
Demonstration-Violent

2. Summary:
FPS Acting Area Commander (b)(6), (b)(7)c advised of approximately 15 demonstrators with the group Occupy Portland in the Terry Shrunken Park, 1220 Southwest 3rd Avenue, Portland, OR, that have been in the area since approximately 03:30 (Pacific). Inspectors (b)(6), (b)(7)c Special Agent and the Portland Police Department are on scene. At 13:47 (Pacific) the demonstrators were given a verbal warning to move off of property, and did not comply. At 16:00 (Pacific) there were approximately 200 demonstrators in the area with media on scene. The demonstrators were asked again to depart the area and were not compliant, with one subject attempting to incite the group. Acting Area Commander (b)(6), (b)(7)c advised that the demonstrators appear to have a mob mentality. FPS and the Portland Police Department are observing the group to see if they calm down. FPS and the Portland Police Department are coordinating a response. No further information was available at the time of this report.

Special Agents and Inspectors and I attempted to have the protestors remove the tents from Terry Shrunk Plaza. The protestors actually started removing their tents without us taking direct action. At approximately 3:00 pm two things happened at approximately the same time. Portland Police had a stabbing and a splinter protest which drew down their manpower they were going to support us with. This left only a handful of Portland Police Officers and our small crew. Next one of the people in the crowd turned out to be a counter protestor with a handgun and a concealed weapons permit. We detained the person until we determined that he wasn't wanted and had him remove the gun and himself off property. The person wasn't cited or arrested. This incited the crowd which quickly grew from approximately 20 protestors to 200 protestors. Portland Police and FPS stood down due to the excited state of the crowd.

Region 10 FPS will be sending three inspectors and one District Commander to Portland tomorrow to help with our response. Portland Police Commander wants to coordinate with FPS an early morning removal (4:00 am) of the tents and protestors tomorrow morning. Michael Moore (Hollywood Film Director) is at Terry Shrunk Plaza right now and is getting the crowd excited and having them bring more tents onto Terry Shrunk. Multnomah County just arrested someone across the street from the crowd with another gun.

Sincerely

Commander

Fyi
They had a permit for a speaking engagement on federal property, not a camping permit on federal property. Not sure what they had or didn’t have with the city, in their park. But, as expected, when the city started kicking them off city park property, the looked across the street at that nice fancy federal park and they were like rats off a sinking ship.....as soon as GSA saw our photos of them rolling into TS park, they reversed their “kinder, gentler” way of thinking and asked us to remove them..... So, within the last hour, we and the City of Portland have begun to remove them....at least that was the last word I had heard. We are sending three more troops down to help keep it cleared out over the next couple days. I’ve cc’d our District Commander, he will be on scene tomorrow morning and can update/advise at that time.

Can you help me out? I had to clarify this afternoon that permit the protesters had was a city permit and not from GSA permit. What led us to think they had a permit from GSA?

You near a phone?
I just spoke to the PAO for GSA in the Portland area. I have cc'd her on this email. She clarified one note that we need to change in the statement below. The permit that the protestors have is from the City of Portland and not GSA. There is a city park right next to the Federal area and the four tents spilled over from the city park. Two city parks have been made available by the city for all demonstrations and FPS is working with the City to enforce the decision to have all demonstrators stay off of Federal park property.

Very Respectfully,

Director of Public Affairs
Federal Protective Service

Does the below work?

(b)(5)
There has been a change in our posture concerning the Occupy Portland campers. Since a larger number of protestors have occupied the park, FPS and the Portland Police Bureau will enforce the prohibition against overnight camping/setting tents in Terry Schrunk Park. The protestors will be encouraged permits for daytime use of the park. This effort is supported by GSA and the City of Portland. The City of Portland is making arrangements with protestors to use two city parks for their activities.

Very Respectfully,

'Shoot a cop' flyer surfaces in Ariz.
A disturbing flyer found at 'Occupy Phoenix' says cop killers are the 'good guys'

By PoliceOne Staff
PHOENIX, Ariz. — A flyer surfaced at 'Occupy Phoenix' that encourages the shooting of police officers, asking "When should you shoot a cop?"
A sheriff's deputy found the disturbing flyer at the Cesar Chavez Plaza and reported it to the Arizona Counter Terrorism Information Center, according to KPHO. Officials informed all local law enforcement agencies, who are investigating.
"Our investigation has begun, we're trying to determine who distributed those flyers. Who authored those," Bart Graves of the Arizona Department of Public Safety said.
Two 'Occupy' protesters claimed their group was not responsible, and they told TV reporters that the message doesn't help the movement's image.
Although officials say no credible threats against law enforcement have been uncovered, the flyer chillingly advocates for cop killers and elevates them to almost hero status, Conservative Byte reported.

"The next time you hear of a police officer being killed "in the line of duty,' take a moment to consider the very real possibility that maybe in that case, the 'law enforcer' was the bad guy and the 'cop killer' was the good guy," the flyer reportedly read.

Thanks to everyone who volunteered.
All,

The decision has been made to send 3 Inspectors to Portland starting tomorrow and remain in Portland over the next week to help support the Southern Command (2 Western, 1 Eastern). Once your folks have been identified please send them names to Commander so he can assign them a shift to work and tell them when and where to report.

is out sick so if you can identify someone from the Eastern Command to drive to Portland tomorrow I would appreciate it.

Note: This would be a good time to reinforce with your personnel to have a flyaway bag ready to go along with all of their riot gear.

Just heard on the news this AM, that the group is talking about expanding into Terry Shrunk park. Please keep me posted since I have the sidewalks over there torn up. It is not planned to pour until may be next week...

We have responded Terry Shrunk for a report of tents in the park. Will keep you posted.

Thank I just spoke to with PHC Landscaping and she is going to check on the trash. Her people have not been complaining about extra work, but the custodial crew may be addressing it.

I propose we wait on chalk removal until next week - after it rains this weekend.

I walked by the park around 5 PM yesterday and didn't see the tent, but there were about 10-15 people hanging around.

Quick update on marks on sidewalk...we have done locates for the demo of the sidewalk,,,so don't remove...I was over there last night and noticed what might be taken as chalk marks. I noticed last night also that a tent was up in the brick ring...not sure if it was taken down prior to 10 pm. I would ask PHC if they see more trash at the various cans around the park...I am sure some or a lot of trash
is making it's way over to the park. I think the power is on in the park...microphone being used...or maybe they had a generator...seeing a lot more generator showing up around the camp.

Thanks for your input. I spoke to (b)(6), (b)(7)c and told him we will not turn the sprinklers on, but will consider the other suggestions. I have general concerns about the trash because the city park seems to be accumulating tons of trash. I'm concerned that some of it may gravitate to our park if we start removing it.

I did not notice the chalk yesterday when I walked through. If we get some rain, mother nature might solve this problem for us. We are supposed to get some rain today and Sunday. If we still have a chalk problem next week, I'll talk to PHC about pressure washing.

I will also call PHC about trash removal. They are probably doing things already under the performance contract and might need to ask for reimbursement for some above standard services.

- Have PHC pressure wash the chalk marks from the bricks.
- Turn the Sprinklers on more often.
- Have PHC make sure the park is picked up more often. We found trash that had been at the park a couple of days.
- Turn power off to the park.

Hi [Redacted]

It seemed like he used to - but we have some internal changes here too we need to address - who is here at Gus doesn't always send the notices to Gus tenants - it comes from [Redacted] in the Hatfield office (kind of confusing). From what I understand [Redacted] would forward notices to the property managers and they would send out accordingly. At Hatfield, often the Marshals would notify the PM's there. With [Redacted] gone, I don't know if they still do that either?

Personally (I think most would agree) I'd rather have more notice than not enough. Since it often has to do with crowds around our building I think it's a great idea to share with our tenants?

It turns out [Redacted] did send out a notice today but my name was misspelled so I didn't get it :>. I'm trying to encourage [Redacted] to change it so that [Redacted] will send out all Gus notices. We'll see what we can do!!!

Thanks!

It is my understanding that you are now the FPS Area Commander, having replaced As an introduction I am the Chief Security Officer for FBI Portland Division. I handle all security matters related to our Oregon offices, to include the new field office construction site, which has Paragon System guards.

I am forwarding an e-mail regarding the downtown demonstration. I am wondering if you have any additional information regarding the planned march.

Lastly, I am requesting FPS to patrol our building during the protest. We do not have building security, or at least none to speak of, Crown Plaza building owners, has an unarmed guard that is more of a receptionist than security.

Thank you,
So, the mayor left out of the country yesterday leaving no direction on what he wants done with the campers. The protestors are calling for a march throughout downtown at 1130 today (anticipate major traffic jams during lunch). PPB is really getting fed up and the downtown business owners are putting pressure on them to clear them out. A coalition of business owners announced yesterday they will be suing the Parks Dept for allowing the demonstration because shoplifting has skyrocketed. The guy brandishing the gun a few days ago was also no help. We may see some clashing today.

All, 
I spoke to (b)(6) today about his e-mail and the permit. He is basically in the same situation as the others I have spoken to regarding this permit where they cannot sign or be responsible for the group. 
I advised him that we don't want a canopy installed nor any alterations or improvements to the park. We need someone who can be responsible and accountable for any damages to sign the permit. If they don't have someone who can fill this role and sign as a executive group for the permit, I'm not sure what we can do. I understand that he was going to address this issue to their general assembly and determine what they want to do. 
I also advised him that we plan to do some sidewalk repairs starting next Wed, and I also need to cut down some dead trees when we have access to some funds.

Under Title 41 101-20.407, no alterations to public areas are allowed without prior approval. Approval can't be given unless GSA determines that changes to GSA's space should be made to encourage and aid in the proposed use. Permittees making alterations must make provisions to ensure the safety of users and the prevention of damage to property.

So, you must make a determination that GSA wants a canopy placed in the plaza to encourage and aid those people there (which I don't know that you can do since the requester says anyone can use it). Then all the restrictions he would like placed upon his responsibility cannot be granted. He will be responsible for anyone's safety under or near the canopy and for any damage to our plaza from the canopy's use regardless of who causes the problem.

More importantly, Title 41 101-20.402 (c) requires that all permits involving demonstrations and activities which may lead to civil disturbances should be coordinated with the Chief, Law Enforcement Branch before approval. You should ask the law enforcement branch if they want a canopy placed there. They might have issues with a canopy restricting movement or vision or encouraging people to remain in the Plaza after hours. I think based on issues that have been going on with the "Occupy" movement in New York and Seattle, we can assert that it is a demonstration or activity that could lead to a civil disturbance.

I would start with Law Enforcement first. If they have no problems with us issuing a permit and allowing a canopy to be erected, then you can make your determination as to whether GSA wants to allow this change to encourage of aid in the use of the Plaza.

(b)(6)
I'm the one who will be personally responsible and unconnected to any organization for this permit.

I just have a few clarifications and questions to try and get us on the same page. The point of this permit application are twofold:

1) To allow placement of a canopy for when it rains to protect people who use the park for free speech purposes.

2) To reserve specific times each day to enable open free speech which will be protected by said canopy. I am flexible and am open to working around other uses of the park including overlapped usage (if another applicant would like canopy protection, for example, I can help provide for such).

I do not plan on limiting myself any activity at the plaza that takes place as this permit shouldn't lead to a restriction of what takes place beyond what restrictions are already in place for unpermitted use.

There are existing activities going on at the premises not directly connected to my proposed activity. I propose merely placing a canopy above the theater area of the plaza for the public benefit of anybody who wishes to use during inclement weather. The activities I am not responsible for and already taking place are happening and will happen regardless of whether or not a canopy for protection from the weather will happen.

I am willing to assume liability for the proper assembling and taking down of mentioned canopy. I do not plan on incurring any additional security, utility, and trash-related expenses by ensuring that no trace of the temporary structure is left during the hours in which it is not permitted. I want to ensure that if any such expenses plan on being incurred by the management company and charged to my permit that I will abandon the permitted uses and discontinue the permit rather than incur such charges.

I primarily want to make it clear that my activity -- placing a canopy and taking it down at certain scheduled hours each day does not incur any incidental liability from actions that may take place by a neighboring encampment with which I am not personally connected and have not been involved with. Their organization has neither approved nor disapproved of any individual to represent them in matters related to the plaza. In discussion with the general public -- some camping and some not -- at the plaza, it has been noted that a canopy would provide a benefit that I am willing to help with. The proposal is to support such a protected canopy as long as the neighboring encampment or any other activity substantially increases traffic to the plaza that would benefit by such proactive protective measures.

As a permit-applicant for the use, I am willing to help with property management in supporting that uses of the plaza are kept in compliance.
with whatever laws are in place relating to the plaza while the permit is in place for the hours in which it is permitted. But I can't reasonably take on liability for actions that may take place outside the scope of this permit as I have mentioned. I can only guide, not force.

I also want to ensure that while the time duration is open ended, I want to be clear that it is also mutually open-closable. If either the property manager or myself deem that it is not acceptable to continue the arrangement, I only ask that there be one hour's notice on either party to end the permitted use and cancel the permit. Notice by phone is preferable.

If this arrangement sounds agreeable in spirit, I can fill out the paperwork as soon as possible. But I would like to nail down these clarifications before agreeing to the language presented on the application so that we both know what the expectations are on both our parts.

And lastly, there may be one exception to the above regarding utilities. There are automatic sprinkler systems on the grounds. I am willing to incur a reasonable expense to adjust the sprinkler timing to avoid coinciding with the most popular uses of the plaza (avoiding the time period between 7pm and 10pm) most days.

I would rather not sign the permit until I know all of the conditions. Is signing the permit a requirement for discussing understandings and conditions as you imply below?

I think we need to discourage overnight camping or the appearance of overnight camping, so my recommendation is that we require them to remove it when they are not using it or when the park is closed at 10 PM everynight.

However, I'd like to get the input of GSA management, FPS, and legal on this e-mail.

Any objections?

I'll call the City, but I expect that getting the grate out next Wed, should work. If not, I can try to pull it and store it in the basement of EGWW.

All,

Please be advised that I have been contacted by a from Occupy Portland. They have obtained some sort of liability insurance and have identified someone who can sign for a permit. I'm going to send him the permit application form. I understand that they have been having some meetings at Terry Schrunk and they want to formalize the process and get a permit.

As discussed with will stress that the permit would only be for use between 7 AM and 10 PM at night and I will only grant 30 days at a time.

I will also put in some caveats on the form stressing no overnight camping, to stay out and protect the landscaping, and advise them that we have some work planned to repair the sidewalks and some tree removals.

If you have any other conditions for the permit, please let me know. I can add them when they submit.

I was told there were about 40-50 people in the park at around 1400hrs, they were having a meeting of some sort. I don't know if you guys didn't want them in the park, but I wanted to give you a heads up.

Thanks,
Correct. No one has submitted a permit. My impression is the group decides things through their general assembly, but there is not an executive group that can sign and be accountable for the actions of the group.

When I checked on Fri, they did not appear to be using Terry Schrunk, but I will go by and check this morning and let you know if anything has changed.

I will let [b](6) provide us an update. The last I heard nobody was will to step up and sign the permit.

- would the Federal Plaza be good for the IRS?

and

- there is enough space for VBA and your agencies in Waterfront Park...does this work for your offices?

All - Keep in mind that this is only until Lownsdale Square is vacated by the "Occupy Portland" protest.

Please let me know your plans for this short term need.

Thank you.
First and Main Federal Agencies *may* use the Terry Shrunken Federal Plaza as a rally point. This is directly across from the Edith Green Federal Building and is the closest alternative location until your original location is vacated by the protesters.

Is this acceptable?

The Federal Plaza is not being occupied by protesters. It is adjacent to Chapman Square and Lowensdale Park. I need to ensure that the Federal Plaza would be available for this purpose.

Would you have any objections to the Federal Plaza?

We request assistance from your office in coordinating and establishing a secondary rally point for both the short (at least until Lowensdale Park is vacated) and long term planning.

Based on the current situation obtaining a short term location is most critical and we would like to have a firm answer on this as soon as possible; ideally by close of business tomorrow. Please let me if you require information from the FSC members to move forward with this extremely urgent request.

Thank you.
At the present time I have stopped the sidewalk project (for safety) until the protesters have moved away from the area. So no work will start on Oct 17th, unless the area is cleared across the street. We will tear up the locations on 3 blocks of the park, then have just one day of cement pour. The total process should take only two weeks, once we get started..

Not sure if this information will way into the decision on their inquiries for a permit, but FYI.

I also have 2 dead trees in the park that I am trying to get removed.
Theresa and I walked the EG sidewalk project to assess the protester's impact on the start up of work on Oct 17th. Based on the fact that no one knows a date this protest will end. Theresa and I agree that we delay the project until the protesters are GONE and things are back to normal. This would be a 90 day extension from the ending date that was established on the contract. The only other factor that would cause a delay, would be freezing weather, snow and ice.

Thank you

I talked to Terry Schrunk "Occupancy" about contacting them to see if they want to submit a permit and he advised against it. Not having a permit will give FPS more leverage if they need to get them out of the park. Also, from talking to the City, I understand that they did not request permits from the City of Portland because it might give away their "tactical advantage" to law enforcement.

If they contact us for a permit, we will discuss.

I don't think anyone wants to restrict their first amendment rights, but we want to make sure they don't camp overnight at Terry Schrunk Park.

Can we find out who the organizers are (in this day of twitters and tweets), so that we might encourage them to request a permit?

Just a heads-up that we're hearing the protestors in Portland that are acting in sympathy with the "Occupy Wall Street" group are contemplating "occupying" Terry Shrunken Park (see first email in chain below) which is federal property. While this hasn't been confirmed yet, it certainly seems fairly likely that it could occur. It is my understanding that during the onset of the Iraq war protestors wanted to camp in the park but were denied that opportunity which led to the city of Portland allowing them to camp on the sidewalk for an extended period of time.

It doesn't seem likely this group would approach GSA for a permit and absent being issued that permit, we wouldn't allow them to "occupy" the park. Please let me know if my thinking is off base or if you have any other thoughts on this potential issue.

Here is a quick run down on what I know about tomorrow.

- Yesterday the group told the media that they were not going to announce their march route or location.
they plan to “occupy” downtown until the last moment. They stated this is to keep LE from dissuading them before they settle in.

- The Twitter is very active for this group with almost 4000.
- Two Facebook pages are dedicated to this event and are also seeing heavy use.
- Two credible sources have informed me that Terry Shrunk park is the likely location for the “occupation”.
- PPB will be bringing in additional LE from Salem and Vancouver to assist with the estimated 3-4k demonstrators.
- 300+ turned out for last week’s planning session. This is triple the turnout of similar events for a planning counsel, which may be an indication of the event’s turnout.
- Event organizers have been heard discussing the coming wet weather and their aversion to mud. They have suggested gathering areas with hard surfaces that drain. In Portland that is a short list and Pioneer Courthouse Square and Terry Shrunk Park are at the top.
- The weather is forecasted to be partly sunny and won’t likely wash away any tents for a few days.

Based on the above bullets, I think it is likely this event will affect federal property. We have a good relationship with the new PPB events Sgt. If you decide to staff up any folks down here, I will get you in touch with him to plan.

This group has not requested nor applied for a march permit. Their Facebook page has almost 1,000 "likes" meaning people are following. From what I see, the route would start from the Saturday Market location, use Naito to Ash, cross MAX lines, north on 2nd Ave, west on Burnside, cross MAX at 5th and 6th, turn south on Broadway, walk through Pioneer Courthouse Square, exit at 6th and Yamhill, south on 6th to Taylor, cross MAX at 6th and 5th, then east back to Waterfront Park. I'll attach a link to their map.

They plan the march to begin at noon and they have plans to occupy the park for an unknown period of time.

I don't know what part of the right of way they are intending to use. Obviously, sidewalks aren't a significant issue, but use of the street is a challenge.

Considering that additional personnel have moved from the main "Occupy Portland" group onto federal property and set up tents, FPS will be working with the Portland Police Bureau to enforce the prohibition against overnight camping/setting up tents in Terry Schrunk Park. The protesters will be encouraged to seek a permit from GSA for daytime use of the park for their activities if they desire, but they will be informed that camping is not allowed. This effort is supported by GSA and the city and consistent with the City of Portland making arrangements with the protesters to use two city parks for their activities and not other parks within the city.

Also, you may receive a call from here in Region 10 who's fielded a few calls from media in the Portland area. Please let me know if you have any questions.

Yes, a few of them have overflowed into the federal park at Terry Shrunk plaza from the next door city park. No permit for camping, but they did have a permit for assembly and “speeches”... This is nothing new for this park. The federal building it is attached to is currently closed and empty of federal employees as it undergoes a major reconstruction project.

Portland:

Good morning,

About four large tents have been set up in Terry Schrunk Plaza, a federal park in downtown Portland. These campers are associated with Occupy Portland. They said they are going to pursue a permit this morning.

I’m assuming the federal protective service is responsible for policing this park. Will this encampment be permitted? Will the campers be allowed to remain and if so, for how long? What if the encampment grows?

I’d appreciate a phone call as soon as possible this morning.

Updated event in Portland, Oregon Terry Schrunk Plaza, Government owned property under FPS protection.

There are currently 1500 or so souls living in tents in Chapman and Longsdale parks across the street from Terry Schrunk. Portland Police Bureau removed people from Jamison Park in the Pearl district because it's a residential area. Following the removal from Jamison Park, five tents were erected in Terry Schrunk Plaza and FPS is expecting the park to fill if they are not removed soon. GSA has not requested the removal of these tents as of the time of this report.

SEATTLE -- Protesters will again fill downtown Seattle Friday as two groups are expected to converge at Westlake Park this afternoon. One is Occupy Seattle -- the anti-corporate corruption protest movement that has been a presence at Westlake Park since last weekend -- while the other is a planned march against the war in Afghanistan.

The second group, called Act Now to Stop War and End Racism (ANSWER) is leading a march through downtown Seattle. They'll meet at Seattle Central Community College between 4:30 p.m.-5:30 p.m., march down Pine Street and 4th Avenue and end up at Westlake Park.

They said their march, timed to mark the 10th anniversary of the U.S. war in Afghanistan, is part of a national movement across the country with the goal of convincing the federal government to withdraw from what is now the longest running war in the nation's history.

A few dozen Occupy Seattle protestors camped out overnight Thursday in Westlake Park. The group appeared more organized. A concession stand has been set up, and the protests have been divided into shifts. One protester said participants held a general assembly Thursday night to discuss Friday's events.

"If people can come out here and stand up for what's right, what they believe in, and something with a solution, then I think it's all one protest and not two separate," said Monte Smith, protestor.

Seattle Mayor Mike McGinn said the city is providing a protest permit for Occupy Seattle and would allow protesters to camp overnight at City Hall Plaza, which has restrooms. Organized labor is now urging members to rally in Westlake Park on Friday and Saturday in support of Occupy Seattle.

Occupy Seattle is part of a larger protest movement anchored in the Occupy Wall Street campaign. On Thursday, as many as ten thousand protesters turned out in the streets of Portland in support of the movement.

KING 5's Jake Whittenberg contributed to this report.

'OCCUPY SEATTLE' ORDERED TO REMOVE TENTS FROM WESTLAKE PARK OR BE ARRESTED

The "Occupy Seattle" protest group was told by Seattle police on Tuesday that it must move its tents from Westlake Park by the end of the day or be arrested.

By Jeff Hodson

The "Occupy Seattle" protest group was told by Seattle police on Tuesday that it must move its tents from Westlake Park by the end of the day or be arrested.

"The issue is the tents," Seattle Police Chief John Diaz told KING-TV. "This is a city that appreciates that people want to protest. The issue is that other people need to have the right to use the park also."

But by midnight, no police were to be seen and close to 100 protesters were still occupying the park.

Liam Wright, 24, of Seattle, said protesters received word about 10 p.m. there might be arrests.

"So we called people to defend the occupation," he said, "but the cops never showed up."
The protest began Saturday, and each night the number of people sleeping in tents has grown, Wright said. Other protesters head home at the end of the night.

"We decided that we are not going anywhere," Wright said at midnight. "We plan to keep this going indefinitely."

He said other protests had been broken up in the predawn hours.

A post on the protest group's website, occupyseattle.org, said the group had about 30 tents and 125 people at Westlake Park early Tuesday.

"We need people to come and occupy with us more than anything!" the post said. "Come whenever you can for as long as you can...."

Around midnight Tuesday, protesters were standing around talking in the rain. Some were playing music and singing. Some were holding signs such as: "Stand up against Corp. greed" and "We are the 99 percent. Corporations are not people."

Another sign said: "Honk for freedom," and vehicles passing by honked in acknowledgment of the protesters.

The protesters, who have been at Westlake Park since the weekend, are an offshoot of the "Occupy Wall Street" demonstrations.

"Occupy Wall Street is [a] leaderless resistance movement with people of many colors, genders and political persuasions," the Seattle protest website says. "The one thing we all have in common is that We Are The 99% that will no longer tolerate the greed and corruption of the 1%.

Noelle Stoffl, 25, of Seattle, had been at the park since 6 p.m. Monday. She had a sign on her back saying "info" but said she wasn't a spokesperson because the group was leaderless.

The group has permission from the "parks service" to be at Westlake, she said.

A list of 30 people had volunteered to resist, and in the event police come to break up the camp, they will put themselves between the tents and the police, Stoffl said.

Other people, like herself, she said, are not willing to be arrested.

Seattle Mayor Mike McGinn issued a statement Tuesday night, in which he offered support for the protesters' cause, but concluded saying the demonstrators would be asked to remove their tents.

"I support the efforts of the protesters at Westlake Park to address this country's economic situation," the mayor's statement began. He then referenced his budget speech last week, quoting himself:

"We are facing unprecedented inequality in this country. It is always true that bad times are harder on the poor. But we have not seen income inequality this great since 1928, the year before the Great Depression started. The top 1 percent control 34 percent of the nation's wealth. The top 10 percent control two-thirds of the nation's wealth. It is an unprecedented grab by the most powerful to get a bigger piece of a shrinking pie."
The mayor's statement goes on to say that a number of other events and protest groups have permits to use the park in the coming days, and the presence of the tents "has the effect of displacing others who have a right to be here."

Stoffl said one of the groups the mayor cited had been in touch with protesters and was "in solidarity" with them.

"The middle class is disappearing," Stoffl said. "More and more, it seems that corporate interests take precedence over human interests."

Wright said the protest has a global context, citing recent demonstrations in Cairo, Madrid and Greece. "For every person," he said, "there is a different idea why they're here."

That's both a strength and a weakness of the protest, he said.

For Wright, his motivation is "a sense of the total unaccountability and unrepresentation" of government.

Here's the last message I got from GSA yesterday, prior to the 10:20 pm email that I didn't receive until a little after 4:00 this morning. is the political appointee Regional Administrator and the Regional Commissioner is and his email is immediately below the RAs. This is consistent with the position that GSA had when I met with them earlier yesterday afternoon, that we allow protests, but not an encampment.

I've told our folks to hold off on any more evictions until the politicos have that chance to weigh-in on this issue, so we're just standing by for now.

FYI -

I spoke with [bleep] Communications Director, and [bleep] Chief of Staff, in the mayor's office and let them know that:

- we support the city's policy of only allowing encampments in the two designated parks (Lownsdale and Chapman squares)
- that the FPS will be in touch with local authorities to work together to ensure the city's policy of not allowing encampments at any other city park including Terry Shrunk Plaza

Below is a statement from the mayor released last week. Their position has not changed.

The city is being very careful to distinguish between protesting and encampments. They are allowing protesters in all parks as long as they follow the laws but encampments are only allowed in the two designated area.

Statement from Mayor Sam Adams regarding Occupy Portland

From the start of the Occupy Portland protest, I have made one thing very clear: We must protect people's right to peacefully protest, while also keeping the city moving and working.

With this balance in mind, I have also made it clear that while the City is not at this time enforcing certain rules at Lownsdale and Chapman squares, all parks rules are in effect at all other city parks.

We will not allow Occupy Portland to set up an alternative encampment at any other city park. Portland Police Officers have been reminding Occupy Portland participants of this throughout the week, and will continue to use their discretion in enforcing parks rules throughout the city.

We will continue to monitor the Occupy Portland protest, and make practical, day-to-day decisions like these as warranted. I want to thank the participants for their ongoing cooperation with City officials and staff, as we strive to balance their right to protest with keeping the city working.

FYI after our call last week, the Occupy Portland protest set up in the City's Riverside Park. Over the past week the participation has increased to the point where organizers asked if they could use our Terry Shrunken Park for their overflow. In initial discussion, they agreed to seek a permit and to now occupy the park at night. We were hoping for the best.

But not surprisingly, the organizers have reversed their position and now tell us that they will not seek a permit.

I still believe that we (GSA and FPS) should wait and see what happens, and NOT act to remove anyone who is not breaking a law (other then trespass). We should closely monitor the situation and see where this goes over the next 24 to 48 hours.

Please let us know if you see it otherwise or need any information.

Just to be crystal (I was going to use another word) clear, we should encourage them to obtain a permit, and through the permit or otherwise discourage them from engaging in nighttime activities, including camping, in the park. But if they do either we should talk BEFORE any action is taken. Are we okay or do we all need to talk yet this evening or first thing in the morning?

Like most everyone else in the country we’re experiencing some protest activity in sympathy with the “Occupy Wall Street” group. In Seattle, the protest group is targeting city property and leaving us alone so it’s been an SPD problem so far. Portland seems to be a different situation with the group there looking like they may be headed to Terry Shrunk Park in the city center area around our facilities and the park itself is unfortunately GSA property. The group hasn’t moved to “occupy” the park yet, but they are talking about it.

and all,

and I just spoke with PBS Commissioner Peck, and we all were in agreement that should a protest materialize on GSA owned property in Portland (presumably Terry Schrunk Park), that while we would prefer a permit being issued, we would not seek the removal of anyone who was demonstrating peacefully. We went on to agree that if there was any violence, destruction of government property, or illegal activity (other than trespassing) appropriate action would be necessary. We concluded that if a protest spilled outside of the park, say in and blocking of the streets, it then be up to the Portland PD as to how to deal with that.

Does that make sense to everyone? Questions? Comments?

Gents, there is some unsubstantiated information that an “Occupy Eugene” protest may target the Eugene Federal Building (EFB) Saturday, October 15th. This is not yet a certainty, but a definite maybe.

In looking at other recent protests of the same type, U.S. properties were not a focal point. However, given the EFB’s location and history as a community gathering point for such things, the possibility exists.

These protests have often lasted several days with folks camping out. The EFB is a sizable building with ample space for such activities. It is important to consider safety issues when planning for large gatherings.

There is no permit application on file for this demonstration. However, the next day, Sunday October 16th, a completely separate group does have a permit, which could also be an issue if everyone does not get along.

Let me know if we can meet and discuss this issue. Thanks.

Good Morning Team,

Here is the latest on Terry Shrunk Plaza and Occupy Portland

1. At the direction of the Mayor, Portland Police Bureau (PPB) contacted GSA and FPS about removing the few protesters from Terry Shrunk Plaza.
2. Over the weekend, the City of Portland has been cracking down on protesters occupying other city parks other than the two parks the City designated for the peaceful occupy protest.
3. Commander [redacted] of PPB indicated that the City has had an increase in criminal activity in the two parks designated for Occupy Portland.
4. Commander [redacted] with FPS has spoken to the US Attorney (USA) in Portland and the USA is in agreement with the City of Portland to limit the protesters to the designated areas.
5. Commander [redacted] indicated that the City would provide the necessary resources to peacefully remove the protesters from Terry Shrunk Plaza.
6. Commander [redacted] also indicated that in speaking to the organizers of Occupy Portland, those people occupying Terry Shrunk Plaza are not "per se" apart of Occupy Portland.

In our conference call this morning, I indicated that GSA's position remained the same in that protesters right to assemble in Terry Shrunk Plaza, even without a permit, would not be infringed. However, I do give deference to law enforcement. Since the City of Portland is limiting the protesters to the designated areas, I recommend that GSA does the same.

Please advise.

PORTLAND -- Nearly 30 people were arrested Sunday morning as “Occupy Portland” protesters refused to leave Jamison Square, but the demonstration ended without violence, police said.

When the park closed just after midnight, police warned everybody that they would be arrested if they didn't leave.

Early Monday, protesters created another encampment at Terry Schrunk Plaza. They were also expecting a visit from documentary filmmaker Michael Moore at 3:30 p.m.

"The occupation movement condemns police brutality as well as the unjust and growing inequality of wealth, resources, and political influence in the nation and world," the statement read.

The Sunday arrests came after a long march around the city that ended in Jamison Square Saturday.

The group announced that it will organize a rally next Sunday at Terry Schrunk Plaza to protest the Keystone XL Pipeline that would carry crude oil from the tar sands of Alberta, Canada, to Texas refineries.

There was also talk of a 'zombie' march on Bank of America to protest that bank's business relationship with coal firms.

I'm pleased your hunting expedition did not result in your demise, but were you able to harvest the life of some defenseless critter?

Per your recent email regarding information on “Occupy” protests, here’s what we currently have going in Region 10. We’ve been working closely with GSA in the region and they are aware of our efforts. Please let me know if you need anything additional.

Regards,
Sir,

Can you clarify if we have made an arrest or are in the process of questioning/detaining anyone at the protests?

Apparantly there was an FPS arrest or questioning of someone at the protest. Rob, can you reach out to your local contacts and/or spokesman for Portland Police to see what's going on.

Need to be ready in case we get calls.

Thanks.

Sir,

As you know, DHS is all over this. If you do get a call about an arrest or anything significant, please call me.

Thank you,
As previously discussed, we'll continue to work with PPB to resolve the issues without creating a hostile situation. We will provide the protesters with the opportunity to peacefully and legally assemble while at the same time protect the property.

On another note, we're experiencing Blackberry problems again, so [b](6) and I may not be too connected once we leave the office.

All again- getting numerous media calls now asking about next steps.

What we/FPS do if the protestors do not vacate the property? Do we have a deadline? Etc.

I have been responding that we taking it one step at a time to peacefully resolve the situation. Please advise if there is any other information.

Thanks.

Sorry, I just got back to my desk. FPS and PPB went to the park and asked the people with the tents to move along. They began to take the tents down and comply. During the contact, one of the people was found to be in possession of a pistol and our folks took control of him and were processing the person and as noted, about 150 others from the other park came over and began chanting. Our folks and PPB departed to allow the crowd to cool down and the people with the tents to finish moving out. We'll return later to follow up.

I just received a call from the mayor's communications director, that there has been an arrest at the park involving a
weapon. No media inquiries yet but media was on hand when it happened
she says. I do not have any further details? Please keep me posted.

Ok, thanks. Please let us know if there are any incidents.

Technically, encampments are not allowed at any time. Property is usually closed after business hours per regulation.

What time does enforcement of overnight prohibition of encampments begin? Or in other words, what time is the curfew at the park?

FPS and PPB went to the park and asked the people there to remove the tents. During the contact, one of the people was determined to be in possession of a firearm. It was also determined that the person with the firearm had a concealed weapons permit, so he was informed of the law against having a firearm on federal property and was NOT arrested, but informed he had to take the firearm and leave. Just to confirm, there was no arrest and to also confirm the protesters do NOT have a permit of any type from GSA at this time.

A reporter for KGW radio in Portland is seeking to confirm that some Occupy Portland demonstrators were arrested today in Terry Schrunk Federal Plaza earlier today. He seems to think the Federal Protective Service may have been involved. Can you direct this to the appropriate person for response.

Sure seems like we have had a series of protest activity (up coming activity), Occupy groups, Wall Street, Seattle & Portland. Shouldn't those be mentioned?

FYI from HQ regarding Occupy Protests. I guess they only want info if the protests occur on property.

Good morning All,

In reference to your DIB entries for the “Occupy” protests, unless there was significant incident, we are only reporting on those protests that actually occur at or on Federal property. This does not include those that happen to pass by the facility when marching someplace else...this should help lighten your reporting load just a bit...

On the above date and time, five protesters from MOVE TO AMEND ORG arrived on public property located on 2nd Ave in front of JFB. They were protesting the federal bail-out of large corporate banks. The protest was held peacefully and no criminal activity was observed. At 1655, the protesters walked northbound on 2nd Ave and departed the area. I notified Denver and went back in service.
1552 G2 advises of 3 protestors with signs in front of the building. They are protesting the unfairness of the economic system.

1607 G2 advises that there are now 4 protestors and they are off property.

1615 G2 advises 5 protestors.

1655 G2 advises that the protestors have departed the area.

I can go, depends on you. Do we want me to call the Eastern guys and get a few volunteers?
To occupy or as a starting point for a march?

According to EPD they'll be at the EFB at 1500

All,

The Protestors are so un-organized that they couldn't get anyone to sign the permit yesterday. They also ended up not using Terry Shrunk last night for their rally. I checked the park along with some of the other Southern Command Inspectors and there were no sleepers in the park. I will keep you all posted as things progress.

Sincerely

I'd vote for having a little show of force during this event just in case. Maybe should attend as well... We do not want a TS park occupation
Hi thanks for letting us know. I had a few conversations with Sen. Wyden's office about this last week when we thought they might show up before, so will circle back to them once we know whether a permit is being requested/granted.

Thanks,

All,

FPS would be in agreement with (b)(6) that if use of the park is approved, it would be for daytime activities and not include overnight camping.

I talked with Portland Police about the protest. They said City Hall is deeply embroiled in negotiations with the Protestors and the Marathon Coordinators. No decision has been reached as to the outcome of the protest and their occupation of the City Parks. I will keep you posted if anything changes.

Sincerely

The following is a list of events FPS Region 10 RIA and DIOs were made aware of.

Protests and Demonstrations

**D11012155**: The group, Occupy Wall Street, participated in a march through the streets of Portland. The group passed by several Federal properties and stopped on Federal property at Pioneer Courthouse Square. There were a total of approximately 2000 protesters. Media was on site and there were no incidents to report. FPS monitored this event. Following this event, with the city’s approval, several of the protesters camped over night across the street from the Federal Courthouse. The tents will be ordered to be removed at approximately 0900 on 10/7/2011 due to the city’s preparation for the Portland City Marathon.

**Seattle, WA**: Protesters are continuing to demonstrate in Seattle’s Westlake Park. Although Westlake Park is near Federal property, FPS has not had any problems with employees accessing Federal Property. For additional information, see [http://seattletimes.nwsource.com/html/localnews/2016430070_westlake07m.html](http://seattletimes.nwsource.com/html/localnews/2016430070_westlake07m.html).

Media was on site and there were no incidents to report. FPS monitored this event. Following this event, with the city’s approval, several of the protesters camped over night across the street from the Federal Courthouse. The tents will be ordered to be removed at approximately 0900 on 10/7/2011 due to the city’s preparation for the Portland City Marathon.

Seattle, WA: Protesters are continuing to demonstrate in Seattle’s Westlake Park. Although Westlake Park is near Federal property, FPS has not had any problems with employees accessing Federal Property. For additional information, see http://seattletimes.nwsource.com/html/localnews/2016430070_westlake07m.html.
The following is a list of events FPS Region 10 RIA and DIOs were made aware of.

**Protests and Demonstrations**

Occupy Wall Street support demonstrations are taking place in multiple Region 10 cities. No Region 10 federal facilities are being targeted as of the time of this report. It is anticipated that these protests will continue for the foreseeable future.
Protests and Demonstrations

10/06/2011

Portland, OR- A group called “Occupy Portland” are planning a peaceful demonstration to be held at the Pioneer Courthouse Square. The demonstration at this location may affect the Pioneer Courthouse’s (level 4) ability to operate dependant on crowd size. Members of this group have voiced their desire to shut down a portion of downtown Portland and their willingness to be arrested, but are not specifically targeting federal property.

FPS Response- Portland FPS is coordinating with Portland Police Bureau CIU and event enforcement to assist in facilitating a safe and peaceful event while maintaining security and ensuring our stakeholders ability to conduct their missions.

Narrative:

AIC AC Inspector \(\text{(b)(6), (b)(7)c}\) and I responded to Terry Schrunk Plaza (1220 SW 3rd Ave, Portland, Or) in regard to the Occupy Portland Protesters who had set up tents and camped at the site.

Portland Police provided assistance with cover officers and a transport van. FPS Inspectors entered Terry Schrunk Plaza and began announcing that everyone needed to leave and take down their tents or they would be arrested. An estimated 5-10 subjects left the property on their own. 10 subjects refused to leave the property. The protesters did not physically resist. A few protesters refused to walk and were carried to the van, but the rest walked as they were escorted to the transport van. We handcuffed and transported all 10 subjects to Gus Solomon Courthouse where we processed them. All of the subjects were cited and released for Fail to Conform with Lawful Direction. One subject had a warrant and was transported to the Multnomah County Jail by Inspector \(\text{(b)(6), (b)(7)c}\).

Arrested:

I cited and released \(\text{(b)(6), (b)(7)c}\) had an Oregon ID card and matched the information and photo on the card.

I cited and released \(\text{(b)(6), (b)(7)c}\) had an Oregon ID card and matched the information and photo on the card.

I cited and released \(\text{(b)(6), (b)(7)c}\) had an Oregon ID card and matched the information and photo on the card.

I cited and released \(\text{(b)(6), (b)(7)c}\) did not have an ID card in his possession but said he had an Oregon ID card. The information he gave me matched the Oregon ID card on file.

I said the address that should be on the card was an Albany address. Dispatch advised there was a Salem address on the ID card. \(\text{(b)(6), (b)(7)c}\) said he used to live on Dakota street in Salem. Dispatch advised the address was listed as 3960 Dakota, Salem, Or. \(\text{(b)(6), (b)(7)c}\) claimed he was missing cigarettes from his property.

SYNOPSIS:
On Saturday, 10/15/2011 I provided protective service at the Eugene Federal Building (EFP) due to a possibility that a large number of "occupy Eugene" demonstrators may select the EFP as their protest site.

NARRATIVE:
At approximately 16:00 hours a crowd estimated to be approximately 1,500 persons, marched eastbound on 7th Avenue past the EFP plaza. At one point, approximately 60 demonstrators came onto federal property when sidewalks became too crowded. Protesters were only on federal property for a short period of time before they moved on.

At approximately 16:55 hours the protesters marched eastbound past the EFP again, and several demonstrators began to gather on the EFP plaza near the intersection of 7th Avenue and Pearl Street.

At approximately 17:40 hours, all demonstrators left federal property.

DISPOSITION:
No violations of federal statute or regulations were observed and no enforcement contacts were necessary.

CASE STATUS: Closed.

Information from the Internet announcing the demonstration

5PM Wed. Oct. 26 LABOR COMMUNITY MARCH

October 25th, 2011.

Share the Facebook Event Widely: Oct 26th, 5PM Labor Community March

On October 6th, Occupy Portland began with thousands taking to the streets in downtown Portland to protest economic inequality, the scapegoating of working people, the vilification of labor unions, the
exploitation of the unemployed and underemployed, and the corporate takeover of our communities. The
march ended with protestors occupying a public park to speak for the 99% working for a living, not the 1%
profiteering off the wealth of the world.

Put your feet on the streets with Labor again on October 26th, and remind everyone that the 99% are not
just the representatives standing our ground in parks and empty lots across Oregon and the nation. Join
the Oregon AFL-CIO, AFSCME, Laborers', and more unions for sure to come. The WE ARE OREGON drum core will
also be there to put a beat to our steps!

Join us, 5PM at Director Park between SW Yamhill & Taylor on Park Ave, downtown Portland. We will march
past the Occupation at Chapman Square and end at Pioneer Courthouse Square.

LABOR won't stand for corporatization of our communities - not on Wall Street and not in the City of
Portland! GOOD jobs, NOT CUTS!

There is also a sizeable group at Umpqua Bank on 7th.

The crowd has split into four groups (relatively small) and are at various banks (Wells Fargo, Chase, Umpqua Bank, and US Bank). I believe most of them are on Coburg Road.

That sounds about right. You can't get any GSA higher up to make a logical decision.

Nice. Well we actually heard that the White House told GSA to make their own decision. We heard that GSA is allowing them to camp as long as there is no threat to life. I believe MRSA fits the description but it's obviously above our pay grade.

Occupy Eugene and Gameday Protests

In collaboration with U of O, we monitored ESPN Game Day for protest activity this morning, and noted minimal issue with only a few protestors. One suspicious package was found after the area was previously swept by EDU personnel, and it turned out to be a benign box of broken glass.

Occupy Eugene protests came together after a few days of cooperative ICS planning between Patrol teams (East days and nights + CCT Bikes), Investigations (SIU and Property VRT,) U of O and our City Emergency Management staff. We expected three groups to march simultaneously, until that distilled into one very large (like 1500 person) parade of protest. The group followed the exact route given by protest organizers the day before. We also used our liaison between group leaders to predict and manage their next move.

There were no arrests or issues today in large part because of the excellent job CCT, Crisis Negotiators, and even “peacekeepers” assigned from the group itself. The group marched for about an hour and a half, and then landed at the site of their planned occupation... The West Park Blocks. As I type this, just over 100 folks are partying in that space, and it looks a bit like a KOA campground with a concert stage thrown in.

While we’ll likely visit that issue later, this protest accomplished every objective we set. Our officers were professional, they rode hard, and made good decisions to ensure the safety of everyone involved. Thank you for that.

Communications staff did an excellent job with few staff, and managed calls at priority only from 1400-1830.

Thanks I also talked to this morning and told him much the same. Even though I am on leave, please call or e-mail me if you need my help with any particular issues. I am just down the road at the Holiday Inn in Springfield.

Have spoken with regarding contingency plan if protestors attempt to “occupy” federal property. Plze review my suggestions...

Subject: Occupy Eugene: LE Sensitive

11/23/2011
Sir, as I am sure you are aware, there is an ongoing “occupy Eugene” protest taking place here in town. I was at the Eugene Federal Building (EFB) last Saturday when about 1,500 folks marched as we believed the federal plaza could have been their intended occupation spot. We dodged the bullet then as they alighted in the City Park at 8th and Broadway instead.

However, over this past week EPD has apparently received numerous citizen complaints regarding the group’s occupation of the park. In addition, the Saturday Market is coming, and the City wants the protesters to leave so they can clean the area in preparation for the market folks. As such EPD intends to do the following tomorrow:

EPD has informed FPS that occupy protesters will likely seek another location where they can continue their protest with maximum exposure to the public. It is EPD and FPS’s belief that one likely relocation site includes the EFB plaza. The site is highly visible to passing traffic on 7th Avenue and the location is well known to the local activist community. It is by no means a certainty that U.S. properties will be involved, but a strong possibility exists.

I would like to craft a plan for dealing with this and would like assistance from your office. A worst case scenario would be a bunch of protesters camping out at the EFB for an extended period, no available sanitation facilities and interference with visitors and federal employees likely. A permit for use of federal grounds has not been requested or filed and would not be granted by GSA in any event. I

Please let me know if you or another AUSA will be available to discuss this matter. Regards.

Guy's, please see below for FPS response should protesters attempt to occupy the EFB for an extended period. I would like permission to come on duty at approximately 03:00 Saturday AM to keep an eye on things. If it looks like occupy Eugene folks may be setting up tents and are not heeding my warning, we may need a couple of inspectors from Portland on Sunday to clear folks out.

I'll keep you posted.

FYI

Period Covered 11/7/2011 1600-2200 hours at Terry Shrunk Plaza.

1. Verbal confrontation between white male building a wooden pallet for a new tent against six other white males, dressed in typical “anarchist” attire, including some faces being covered. Lone white male was armed with a hammer, which he was utilizing to build the wooden pallet. Anarchist reported that the white male had been thrown out of the main Occupy Portland Camp for being a thief and trouble maker. Verbal confrontation ended with anarchists taking back some of supposedly stolen wood planks.

2. One of the subjects chained to the barrel, is clearly mentally ill as he continually stated to that the Mexican and Russian Mafia were out to kill him and that FBI agents had informed him to get “the fuck out of the park”.

3. A local subject, known as “red guy”, appeared intoxicated and disrupted the Occupy Portland’s “entertainment period” by doing his own boom box music and dancing with chemical sticks (glow in the dark). “Red guy” left of his own accord. He has been cited in the past by FPS for being intoxicated on federal property.

4. A mentally disturbed subject repeatedly interrupted the Occupy Portland General Assembly meeting by yelling incoherently and flailing his arms and punching himself. Subject had bruising on his face and smelled as if he had not bathed for a prolonged period of time.

5. Another mentally disturbed individual attempted to disrupt the General Assembly speaker, but was calmed down by other protestors. The subject knelt down in the middle of the group throughout the remainder of the assembly with occasional outbursts.

6. A member of the protestors “peacekeepers” was armed with a military style K-Bar knife on his right ankle and dressed in military fatigues.

7. A subject approached and stated he wanted to help keep the peace and began about a new religion he created and rambled incoherently. Directed subject to contact the FBI for further guidance.

8. A member of the protestors “safety team” approached and Portland Police Bureau officers and stated three anonymous protestors reported a male was armed with a handgun and presently in the Chapman park area. PPB advised the “safety team” member that the witnesses needed to approach law enforcement to verify their observations before any law enforcement action could be addressed.
9. During the general assembly, a debate was conducted regarding police presence and actions. Some members supported law enforcement presence and felt safer and encouraged cooperation to root out the criminal element from the parks. Other members voiced their hatred and distrust toward the PPB and Federal Law Enforcement. No decision was made regarding their future interaction or cooperation with law enforcement.

10. A total of five tents were completed as of 2200 hours. Approximately a dozen individuals were chained or surrounded the barrel. Approximately another 20 individuals were located throughout the remainder of the park engaged in conversations or loitering.

11. PPB Commander was on scene and discussed the situation with SA The concern of what would occur to Terry Shrun Plaza if the city parks were eventually cleared was discussed. It is evident that unless FPS was prepared to take simultaneous action with PPB (if and when that occurs) against the parks, the main encampments would all move to the Plaza and quickly overwhelm the space and create numerous safety and health issues and would easily overwhelm FPS assets.

On 11/08/2011, Mayor Sam Adams stated in an official letter, that the occupation of the parks could not go on indefinitely.

Video threatening to "erase" New York Stock Exchange from Internet on October 10 at 3:30 PM.

Incident Location:
New York Stock Exchange
New York, NY, 10005-1905

Incident: Advisory
Incident Type: Cyber Attack Threat
Severity: Minor
When this Happened: 10/10/2011 03:30 PM EDT (10/10/2011 12:30 PM PDT)

Description:
A video declaring 'war against the New York Stock Exchange" and threatening to "erase" the NYSE from the Internet on October 10 has been posted to TheAnonMessage YouTube Channel. The video purports to be from Hackivist Group "Anonymous" and features a computer generated male voice similar to previous Anonymous videos. The channel has been used to post several Occupy Wall Street-related video messages since the protests began on September 17.

While the threat to 'erase' the NYSE did not discuss specific tactics, experts have speculated that the group planned to use a Distributed Denial-of-Service (DDoS) attack on the NYSE.com web site. This is a tactic the group has used previously against Sony Corporation, Bank of America and other targets.

Shortly afterwards, a digital flier for "Operation Invade Wall Street" began circulating on the Web providing instructions on carrying out the DDoS attack by downloading a program and referencing the URL for the NYSE site along with the date and time of the attack: October 10th at 3:30 pm EDT. On Wednesday evening, the Anonymous video was updated to include a banner warning followers that the Operation Invade Wall Street has been "compromised" and "do not participate". Many other Twitter messages and other online postings also discredit the DDoS attack strategy. The FBI is investigating.

Hey

Can you supply a contact for USPP intell and/or someone I can get the monthly scheduled demo list from? For now can you advise whether the National Action Network (NAN) has a permit to demonstrate on the mall (I think they're going from the Sylvan Theatre to the monument) and whether they have any info on Occupy DC going to CNN in DC tomorrow? I found something for NYC but not DC. This is some stuff but he won't say where he's getting it. He wants me to find out the time and/or monitor the area so his team can respond. WTH are the PSOs for?

Description:
Occupy Wall Street protests are continuing in the Zuccotti Park area, near Liberty St and Broadway. Protesters were told that they needed to leave the park today in order for the area to be cleaned at 7 AM EDT. Following the cleaning, protesters were told they would be allowed to return to the park but could not bring any sleeping bags, tents, or personal items. Occupy Wall Street called for demonstrators to begin gathering at midnight in preparation for a protest against the eviction effort. As of 6:30 AM the scheduled cleaning has now been postponed.

On Thursday afternoon, groups reportedly gathered at the Kings County Supreme Court building, at Adams St and Johnson St, to protest the foreclosure auctions that take place weekly at the courthouse.

No, I got some info that sounds more like [6]. (b)(6) and/or [6], (b)(7)c. Not sure, who, but someone sent some prankish type email to someone in the front office that was offensive in nature. Once again instead of addressing the responsible individual, he goes on everyone.

Hey, can you check and see if a group End the Fed or Sound Money for America or someone named [6], (b)(6) has a permit from MPD for 11/22/2011? I just got something from Ed that was on twitter that they are going to do round the clock vigils at all the Federal Reserve Banks across the country. It was originally scheduled as one big event for 11/22/2011, but they decided to butt bite the Occupy DC people and now they are “Occupy the Fed”. So they changed to a start date of October 8, 2011 and plan to go until 11/22/2011.

Hey Mi Amigo, (Hope that’s right)

Did you find out about the permit? I doubt they have one because the organizer is real “unorganized” forgive the pun. Still trying to decide what they want to do and where they want to do it at. So far I’ve only seen one report where they’re doing anything anywhere and that’s in Kansas City. Like I said, they weren’t supposed to do this until the 22nd, but everyone is trying to hop on the “Occupy” bandwagon.
I have to do something for this or can the PSOs just call when and IF they see protesters? The Security specialist, is aware.

know you already have this ma'am.

R/S,

Sir,

Cmdr. advised that the CNN issue is not the SEIU. It is Occupy DC/NY. Occupy DC/NY protestors are protesting against CNN's unfavorable media coverage of their organization's activities. The protest is set for tomorrow, October 14, 2011, at an unspecified time. They plan to "occupy" CNN.

Information was provided to Cmdr. by the Department of Education.

Thanks,

got the skinny. There is a protest at the Wilson building not the Wilson center. About 75 people but since it's right next o the RRB, Commerce and across from Freedom Plaza, I would think that a couple of FPS people should be on hand. Especially since the Occupy DC folk are in Freedom Plaza and the SEIU (the group protesting) has supported Occupy DC in posts to their website. Occupy DC could easily decide to ride on in with them, don’t you think?

But I misread the email and it's not the Wilson Center. I have sent the IB for my supervisor's approval.

Has anyone heard anything about Occupy DC folks being kicked out of McPherson Square?

Video threatening to "erase" New York Stock Exchange from Internet on October 10 at 3:30 PM.

Incident Location:
New York Stock Exchange
New York, NY, 10005-1905

Incident: Advisory
Incident Type: Cyber Attack Threat
Severity: Minor
When this Happened: 10/10/2011 03:30 PM EDT (10/10/2011 12:30 PM PDT)

Description:
A video declaring "war against the New York Stock Exchange" and threatening to "erase" the NYSE from the Internet on October 10 has been posted to TheAnonMessage YouTube Channel. The video purports to be from Hackivitis Group "Anonymous" and features a computer generated male voice similar to previous Anonymous videos. The channel has been used to post several Occupy Wall Street-related video messages since the protests began on September 17.

While the threat to 'erase' the NYSE did not discuss specific tactics, experts have speculated that the group planned to use a Distributed Denial-of-Service (DDoS) attack on the NYSE.com web site. This is a tactic the group has used previously against Sony Corporation, Bank of America and other targets.

Shortly afterwards, a digital flier for "Operation Invade Wall Street" began circulating on the Web providing instructions on carrying out the DDoS attack by downloading a program and referencing the URL for the NYSE site along with the date and time of the attack: October 10th at 3:30 pm EDT. On Wednesday evening, the Anonymous video was updated to include a banner warning followers that the Operation Invade Wall Street has been "compromised" and "do not participate". Many other Twitter messages and other online postings also discredit the DDoS attack strategy. The FBI is investigating.
